

TA CONFERENCE CALL NOTES
October 15, 2008

- **First 5 California will not host a Technical Assistance Conference Call in November; Calls will resume on December 16**
- **Project Legacy**
First 5 California created a new Project Legacy Web page at www.cafc.ca.gov. There is also a new Project Legacy Inbox to address questions and take workgroup member suggestions.
- **2007-08 Annual Report & School Readiness**
All Annual Report and School Readiness data are due November 1, 2008. Those counties that have not yet accessed forms will be notified by email. If you need further assistance please contact ISR by e-mail at ISR-02@csus.edu or call at 1-800-311-4905. We will update the Annual Report FAQ's at www.first5eval.com periodically. Guidelines and other resources are also available under the "Data and Reporting Tab" of www.first5eval.com.

On November 10, First 5 California will send Annual Report and School Readiness data summaries to all counties. Please review these data and notify us at first5eval@ca.cafc.ca.gov by close of business November 13, 2008, if there is an error in your county data.

- **Health Access**
First 5 California released a new report to executive directors and program coordinators, which includes 2006 Healthy Kids Program utilization and quality Health Effectiveness Data and Information Set (HEDIS) data. We are currently working with the University of Southern California to survey Healthy Kids Families evaluating the impact of Healthy Kids programs.

Within the next two weeks First 5 California will release a Health Policy Research Brief summarizing the health of young children.

- **Power of Preschool (PoP)**
There is a two-part evaluation in process for PoP: a statewide evaluation and data collection effort for annual reporting, and a meta-analysis of the local county PoP evaluations. A contractor will be conducting the meta-analysis which includes county follow-up with each PoP site to collect information.
- **PEDS**
First 5 California staff continues to work on county intake and follow-up questions.
