

First 5 California – Project Legacy Input Session Invitation

On July 15, 2009, the First 5 California Commission approved a streamlined Project Legacy process. Project Legacy will serve as the foundation for First 5 California's "Roadmap to the Future" that will help establish a distinctive set of programs for children 0 to 5 and their families.

On July 29 and 30, 2009, Project Legacy brought together a group of nationally distinguished experts and developed a draft of the measurable program goals for First 5 California's future pilot projects and signature programs. First 5 California will hold three one-day input sessions facilitated by WestEd in Northern, Central, and Southern California to allow commission representatives, program administrators/operators, advocates, and other stakeholders to provide input on the draft measurable program goals.

An input collection mechanism will be developed for those unable to attend these sessions to provide input electronically on the draft measurable program goals. Information and instructions on how to submit electronic input will be posted on September 1, 2009 on the First 5 California Project Legacy Web site at <http://ccfc.ca.gov/press/legacy.asp>.

Date	Time	Location
August 24, 2009	9:00-12 pm	Moreno Valley Conference Center* 14075 Frederick Street Moreno Valley, CA
